

75th Anniversary of D-Day: Easterseals Veterans Count Receives \$10,000 From RagingBull.com Foundation

On the 75th Anniversary of Easterseals Veterans Count receives \$10,000 from RagingBull.com Foundation to help with its work providing support and services to veterans, service members and their families.

MANCHESTER, N.H. ([PRWEB](#)) June 06, 2019 -- In remembering the 75th anniversary of the D-Day landings, RagingBull.com Foundation today donated \$10,000 to Easterseals Veterans Count to help with its work providing support and services to veterans, and service members and their families.

"Veteran's Count provides help to any veteran in need of assistance. That may include mental health, substance abuse, emergency financial assistance, housing and fuel assistance" said Veterans Count Upper Valley Chair, Tom Schofield.

Tom added, "We want to thank RagingBull.com Foundation for such generosity and for their support. Raging Bull itself has been a great guide on how to navigate the market. I'm a lifetime member and really like that I've got several successful traders to learn from."

Cofounder of Raging Bull, Jason Bond, whose father was a Marine, said "I am honored to help Veterans Count continue their amazing work in helping our service personnel in their times of need. When we consider how our freedoms have been won and protected, when we look back to how our nation and its allies protected those freedoms in the past, it is fitting that we honor our heroes on this day for their service and sacrifice."

The donation by RagingBull.com Foundation is another in a series of donations made to various charities since 2017, when it first donated over \$232,000. Its goal is to donate over \$1 million in trading profits to charity in 2019
